The **Amalfi Cathedral** is the most famous monument in the **Amalfi Coast** whose crypt are preserved the remains of St. Andrew, brought from Constantinople by the Archbishop Campbell during the Fourth Crusade

The people of Amalfi had learned the paper production techniques from the Arabs, indeed they called it "*carta Bambagina*" from the name of the Arab town *El Mambig*.

This Museum is housed in an old paper mill dates back to the fourteenth.

Ravello

High above the sea,
the romantic village of Ravello
snuggles between terraces
full of vineyards,
olive groves and lemon tree orchards.

The lovely villas
with their gardens and fascinating views,
are famous, particularly the villa Rufolo
whose gardens inspired Richard Wagner
to create Klingsors magic garden
in the opera Parsifal.

The tour includes the visit
to Villa Rufolo
and Villa Cimbrone.

Vietri sul Mare

Vietri sul Mare,
or Vietri on the Sea,
is the first town
on the Amalfi Coast.

It's the
"City of Ceramics"
because of
its vivid hand-painted
and creative ceramics.

Amalfi Coast Experience Tours

to explore the **secret places** of the Amalfi Coast and taste the **local products**.

We are visiting a laboratory of the famous **Italian Limoncello**

and we are rediscovering the rural world with a special **wine tasting** at Tramonti centuriesold vineyards.

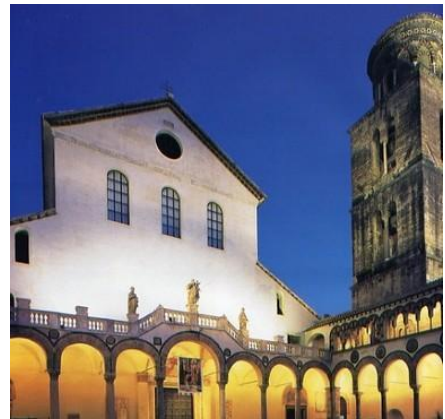

Pompei and Ercolano Ruins

The two cities were destroyed and completely buried during a long catastrophic eruption of the volcano **Mount Vesuvius** in the year AD 79. Pompei is one of the most important and amazing archaeological sites in the world.

Salerno

is the principal town of the province and for a brief period in 1944 Salerno was the capital city of Italy. We are visiting the **Duomo of Salerno** build in 12th century, the amazing **historical center** and we are taking a walk at the **Lungomare**, a boulevard with a nice view at the sea and the surrounding hills.

Sorrento

is the land of colours: if you just pause a moment to observe how emotional a sunset can be when you gaze in the direction of Punta del Capo, of Ischia or Procida, the outlines of which can be seen clearly, you will be amazed by the variety of colours and the beauty of the scene.
